

## 85%

That is the percentage of potential guests who research online before coming for a visit. Eighty-five percent. Astounding but true. Those same people also go online to check out your competition. You can bet on it. So what about your website? Is it the next best thing to being there in person?

2MinuteTOUR™ is a company that produces video tours and virtual tours to enhance and personalize any website. We create exceptional tours in either format. Most of our tours include professional narration, appropriate music and special effects. Our video tours are shot in High Definition.

We offer many options to meet any budget and need. Clients tell us our productions are better than most everything else out there in today's marketplace.

Two minutes in length is just right for a video or virtual tour presentation. However, tour length can be changed if necessary to meet your specific needs and requirements, with production costs adjusted accordingly.

Our tours are full buyouts with no royalties or renewals. We produce it. You own it. Your tour can be hosted by us via a link on your website or we can provide code to embed into your website. Plus we will post your custom tour to social media sites such as YouTube as directed by you at no extra charge.

**2MinuteTOUR™ in our Virtual Format** is very popular because it looks and feels like a real video but can be made at a much lower cost. Meticulously crafted from digital photos with key frame movements, professional narration, appropriate music, cool transitions and special effects built in during our exclusive production process. Capture the feel of real video at a very attractive price. We can quote your custom production after a brief telephone consultation to determine your exact needs.

**“It’s Like A TV Show...But It’s Only Two Minutes Long!”**

**2MinuteTOUR™ in our Video Format** is a national caliber video presentation shot in High Definition and customized to your specific needs, unmatched in quality and value. Breathtaking video combined with professional narration. Your professional guide can appear on-camera if desired and when appropriate. Price will vary depending on crew requirements, talent fees, interview segments, special lighting and other variables. Production costs can be estimated after a telephone or in-person consultation to determine your specific needs.
